

Business Telephone

A reliable telephone system is a business communications necessity. Equally important, your telephone system needs to be flexible, scalable and capable of unifying multiple technologies and devices.

Cabco offers the latest business telephone systems from the industry's leading manufacturers. Our telecommunications experts will advise you on the best solutions to meet your business needs now, and into the future.

Experience counts. Choose Cabco.

TELEPHONY EQUIPMENT & SERVICES

BUSINESS PARTNER

As an authorized Avaya Business Partner, Cabco offers a full range of telephone equipment, installation and service.

The *Avaya IP Office* solution fills the gap between yesterday's circuit switched PBX's and Key Systems and the IP-only solutions of tomorrow by meeting the total office communications needs of small-to-medium sized businesses. Key features include:

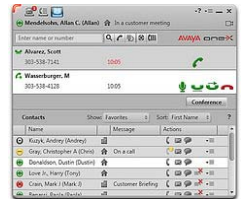

- **Scalable:** adding new users (from 2 to 384) and intelligence is easy and cost effective
- **Reliable:** proven, award-winning performance (worldwide leader)
- **Converged Communications:** *IP Office* lets you leverage VoIP, digital or analog technology
- **Flexible:** configure a system that meets your specific business needs (i.e. link up to 32 office sites, call center, wireless sets, business conferencing, desktop softphones, etc.)

UNIFIED COMMUNICATIONS

Cabco can help integrate your business telephone system with the rest of your communications network. Whether your business need is collaboration, messaging, mobility or device integration, *Avaya IP Office* is an open software environment that makes connecting users and devices easy, cost effective and seamless.
